Transfer guides are produced as a service to MCC students. Every effort is made to maintain up-to-date and accurate information; however, this information is subject to change. Such changes take precedence over the information on this guide. Students should work with an MCC advisor and the four-year transfer school. Responsibility for complying with all applicable requirements ultimately rests with the student.

National Louis University's (NLU) BS in Health Care Leadership is designed to prepare students to work and lead in a wide range of health care settings: general medical and surgical hospitals, outpatient clinics, assisted living facilities, rehabilitation centers and physicians' offices, as well as health care education, risk management, medical supply and device marketing. The program can be completed through online or campus delivery (Chicago campus). NLU is accredited by The Higher Learning Commission and a member of the North Central Association.

Transfer Options – This transfer guide is for students who are completing the Associate in Applied Science degree in Occupational Therapy Assistant (AAS).
