Transfer guides are produced as a service to MCC students. Every effort is made to maintain up-to-date and accurate information; however, this information is subject to change. Such changes take precedence over the information on this guide. Students should work with an MCC advisor and the four-year transfer school. Responsibility for complying with all applicable requirements ultimately rests with the student.

The College of Business offers the Bachelor of Science degree with majors in the following areas: Accounting (online and on campus); Business and Administration (online only); Finance; Management; and Marketing. Academic programs are accredited by The Association to Advance Collegiate Schools of Business (AACSB). The requirements listed below represent the minimum standards and do not guarantee admittance.

Transfer Options

- **[Guaranteed Admission](#)** - Provides MCC students with the opportunity for guaranteed admission to the University and academic advisement from both MCC academic advisors and SIUC transfer personnel.
- **[Dual Admission](#)** – The program allows baccalaureate oriented freshman students at community colleges to benefit from pre-advisement through SIUC for a chosen major at SIUC. It addresses specific departmental requirements that a student may not fulfill simply by completing their AA or AS at their community college. See an MCC advisor for more information.
- **AA or AS Degree** - Transfer students admitted to SIUC from an Illinois public community college who have completed an AA or an AS degree receive the following benefits:
 - Junior status
 - SIUC general education requirements satisfied (specific majors may require additional coursework)
- **Illinois Articulation Agreement (IAI GECC)** – Transfer students who have been certified by a participating Illinois college or university as having completed the IAI GECC will be considered as having satisfied SIUC's lower-level general education requirements if their general education component has a minimum of 37 semester hours (specific majors may require additional coursework).
- **For students who transfer prior to completing an AA or an AS degree or the IAI core:**
 - SIUC credit can be transferred back to MCC for completion of AA or AS degree.
 - If 30 semester hours of transferable credit are completed prior to transfer, SIUC will allow students to either complete the SIUC University Core Curriculum or the IAI GECC.

Additional Information

- **Admission Criteria** –
 - **Fewer than 26 completed semester hours of transferable credit at time of application** – Students are eligible for admission consideration if admission requirements of a beginning freshman as well as a transfer student are met.
 - **26 or more completed semester hours of transferable credit at time of application** – Students are eligible for admission consideration with an overall 2.0/4.0 GPA as calculated by SIUC standards and good standing at last college attended.

- Transfer students can apply up to 1 year in advance of the semester in which they intend to enroll at SIUC. Students are strongly advised to study the SIUC catalog and consult with a counselor for specific admission and course requirements within colleges and majors of their choice.
- **Online Programs** – Students should have a minimum of 60 transferable credits with at least as 2.0 GPA. It is recommended that the following courses are included in the 60 transferable credits: ACC 151, 152; ECO 251, 252; ENG 151, 152; MAT 170, 171, 220; PSY 151 or SOC 151; SPE 151.
- **GPA calculation for admission** – SIUC recalculates GPA for admission purposes, using coursework from all previous colleges attended. Developmental coursework is not included.
 - **Beginning Summer 2013** - Only the last grade earned in a repeated course will be calculated in the GPA even if it is an F grade. The repeated course must be done at the same institution.
 - **Effective Summer 2003 through Spring 2013** - All earned grades are calculated into the GPA, including each earned grade in all repeated courses.
 - **Effective Summer 1996 through Spring 2003** - Only the last grade earned in a repeated course will be calculated in the GPA even if it is an F grade. The repeated course must be done in the same institution.
 - **Prior to Summer 1996** - All earned grades are calculated into the GPA, including each earned grade in all repeated courses.
- **Maximum hours from a community college** - A minimum of 42 semester hours must be earned in 300/400 level coursework at a four-year institution. This means that a maximum of 78 hours from a community college can be applied toward the SIUC baccalaureate degree. All business majors require 42 credit hours or more at the 300/400 level that must be completed at a senior institution.
- **Catalog Rule** - A transfer student from an Illinois public community college will meet graduation requirements specified in the SIUC catalog in effect at the time the student enters SIUC. The requirements from that SIUC catalog will extend for seven years.

Education Plan

Please refer to MCC's AA degree planning sheet or catalog for approved IAI and Diversity & Multicultural Studies courses and detailed degree and course requirements.

Note: Minimum C grade for following courses in specified majors:

Accounting: ACC 151 and ACC 152

Finance: ACC 151 and ACC 152
