Transfer guides are produced as a service to MCC students. Every effort is made to maintain up-to-date and accurate information; however, this information is subject to change. Such changes take precedence over the information on this guide. Students should work with an MCC advisor and the four-year transfer school. Responsibility for complying with all applicable requirements ultimately rests with the student.

Business programs in the College of Business are accredited by The AACSB International – The Association to Advance Collegiate Schools of Business. Students attending the Macomb campus may pursue studies in the following majors: Accountancy, Economics, Finance, Human Resource Management, Information Systems, Management, Marketing (Enterprise Marketing, Marketing Technologies& Omni Channel Marketing), and Supply Chain Management; those attending the Quad Cities campus in Moline may pursue Accounting, Human Resource Management, Information Systems, Management, Marketing and Supply Chain Management.
